**DATE:** 02/27/2024

**RE:** **Updated Approval Letter for Listing on the GSA APL**

Office of Management and Budget (OMB) issued M-19-17 that requires Federal Agencies to procure only qualified products and services listed on the GSA Approved Products List (APL) when implementing HSPD-12 into their environment. Procurement of approved products and services facilitates the government-wide objective of a federated and interoperable ICAM segment architecture. It ensures compliance, consistency, and alignment of commercially available products and services with the requirements and functional needs of government ICAM implementers.

Accordingly, the FIPS 201 Evaluation Program (Program) is very pleased to inform you that the following product/service has passed testing against all applicable Testing Requirements. Please see the attached document that summarizes the specific parameters of the approval (e.g., product/service profile, what your product/service was tested with). Your product/service will now be listed on the APL, as shown below. If there are any errors in the listing information, please notify me within five (5) business days of receiving this letter.

## 1.4 Restrictions:

The Identiv Velocity Security Management System and Velocity Certificate Service solution (APL# **10103**) has been tested and approved as a fully compliant ICAM Solution component. The end-to-end solution components used to test the ICAM compliance of the approved solution are listed below.

### 1.4.1 PACS Topology 13.02

- Identiv PIV Reader
  - Identiv uTrust Mullion Reader - OSDP (APL# **10104**)
  - Identiv uTrust Wallmount Reader - OSDP (APL# **10105**)
  - Identiv uTrust Keypad Reader - OSDP (APL# **10106**)
  - Identiv uTrust ScramblePad Reader - OSDP (APL# **10107**)
  - Identiv uTrust Contact TS Reader with Scramblepad – OSDP (APL# **10119**)
  - Identiv uTrust SC Wallmount Contact/Contactless Reader – OSDP (APL# **10124**)
  - Identiv uTrust SC Keypad Contact/Contactless Reader - OSDP (APL# **10125**)
- Veridt PIV Reader
  - Veridt Dual Bio Contact/Contactless Reader (APL# **10092**)
  - Veridt Stealth Dual Contact/Contactless Reader (APL# **10093**)
  - Veridt Stealth Lite Dual Contact/Contactless Reader (APL# **10094**)
  - Veridt Stealth Contactless Reader (APL# **10095**)
  - Veridt Stealth Lite Contactless Reader (APL# **10096**)

Approval of the above product/service indicates your cooperation with the Program and successful testing against a rigorous, comprehensive set of functional requirements derived from government-wide specifications. Testing included positive and negative test cases and threat vectors.

Given the strategic government-wide importance of the APL, the scope and extent of testing performed on your product/service, and the rigor of that testing, the Program would like to acknowledge the noteworthiness of the approval and listing. Your product/service will now be available to all Federal Agencies for procurement.

Please note that continued listing on the APL requires ongoing conformance to all applicable requirements, including requirements added or amended over time. A listed product/service can become non-conformant for various reasons, including but not limited to:

- Failure to pass testing against new and revised requirements before the effective date of the new/revised requirements.
- Problems discovered in your listed product/service (or class of product/service) are not addressed within the time frames specified by the Program.

Refer to applicable Agreements and Program documents for specific details regarding ongoing compliance, including severity levels and remediation time frames. Listed products and services that fall out of conformance will be removed from the APL and added to the Removed Products List (RPL).
